

Job Title: Freelance Trainer – Safety and Compliance Training

Company: INFRATEC Training

Location: Middlesbrough and Various locations across the UK

Job Type: Self-employed, Full/Part-time

About INFRATEC Training:

INFRATEC Training is a leading provider of specialised training services in safety and compliance. We are committed to delivering high-quality, practical training that meets the needs of industries across the UK. Our clients rely on us to provide expert training in confined spaces, first aid and industrial safety, enhancing both compliance and safety standards in their operations.

Job Description:

We are seeking a dynamic and experienced Freelance Trainer to join our team. The ideal candidate will be passionate about fostering a culture of safety and compliance, possessing deep knowledge and skills in delivering City & Guilds confined space training, first aid training and industrial safety training. This role requires flexibility in schedule and location, as the trainer will need to travel to various client sites across the UK.

Key Responsibilities:

- Deliver engaging and effective training sessions in confined spaces, first aid and industrial safety as per City & Guilds, Quasafe and IOSH standards
- Prepare and adapt training materials and presentations to meet the specific needs of each client
- Ensure all training sessions are conducted in compliance with current health and safety regulations
- Provide practical and theoretical knowledge to participants, ensuring they understand and can apply safety practices in their work environments
- Manage and maintain training equipment, including the transportation of necessary materials and tools using company provided vehicle and training trailer unit
- Conduct assessments and evaluations post training to ensure effectiveness and compliance with certification standards
- Maintain up-to-date knowledge of industry standards and regulations.

Requirements:

- Proven experience in delivering training in confined spaces, and industrial safety
- Accredited Teaching qualification
- Strong interpersonal and communication skills, capable of engaging with participants of varying skill level
- Ability to travel extensively across the UK as required by client needs
- Valid driving license with the ability to tow a trailer
- High level of self-motivation and organisation as a self-employed contractor
- Commitment to continuous professional development in the field of health and safety training.

Desired Qualification:

- IQA Assessor
- Training Assessor
- City & Guilds working in High Risk Confined Space or higher
- First Aid at Work or higher

Benefits:

- Opportunity to work with a diverse range of clients across various industries
- Supportive and collaborative professional environment

- Competitive pay rates on a per-session basis

Application Process:

Interested candidates are invited to submit a CV and a cover letter detailing their experience and suitability for the role. Please include references and any relevant certifications.

Join INFRATEC Training in our mission to enhance safety and compliance standards across industries. We look forward to hearing from you and potentially welcoming you to our team!
